Funds Are Subscribed to Advertise Paw Paw Lake

Joint Meeting of Business Men of Coloma and Watervliet Held at Methodist Church in Coloma on Monday Evening.

That the members of the Coloma Civic Association, who are working in conjunction with the business men of Watervliet in an effort to raise a fund of \$3,000 for the purpose of advertising Paw Paw Lake, Coloma and Watervliet, have been doing fine work was reported at a joint meeting of the two business men's clubs at the Methodist church in Coloma on Monday evening. Charles Kelly reported for the village of Coloma that he and Village President James J. Kibler had secured subscriptions to the amount of \$421.00 in the village, a part of this money being already paid. Frank Drouby, who has been working with Walter Gillice in soliciting funds on the Coloma side of the lake, reported the sum of \$905.50 subscribed, of which amount \$410.00 has already been paid in. The drive in the City of Watervliet and on the Watervliet side of Paw Paw Lake has not yet been started, but assurance was given that their quota would be raised.

Good Attendance at Meeting.

About sixty men and women attended Monday evening's meeting at the Methodist church, where a fine dinner was served by the ladies of the church.

Chester I. Monroe of Watervliet, president of the Coloma-Paw Paw Lake-Watervliet Civic Association, presided at the meeting and praised the fine support and cooperation of the residents of Coloma and the north side of the lake in this co-operative movement.

Rev. Fr. Murphy of Watervliet spoke of the benefits of the resort to the churches, the schools and the business institutions of Coloma and Watervliet. He stressed the need of better and more rapid transportation between Chicago and this point to accommodate business men who would have their families at the lake. "Small communities are growing more and more in favor for family life," the pastor said.

Talks by other members included the subject of courtesy to guests, a sociable, friendly attitude by local citizens, courteous service by officers, free information to tourists and a kindly greeting to strangers are all assets and help to attract people. The need of "selling" Paw Paw Lake to local people was stressed, and a "trade at home" idea was advanced as one of the best methods of stimulating business in Coloma and Watervliet. A solicitation is being made of distributors from out of the two towns who come in with produce to be sold in competition with local institutions. Another joint meeting of the Coloma-Paw Paw Lake-Watervliet Civic Association will be held in Watervliet early in January.

Resort Owners Protest 1:00 O'clock Closing

Berrien County Delegation Asks Same Closing Regulations As the Detroit Metropolitan Area.

Fifteen representatives of Berrien county summer resorts and restaurants selling beer and liquors had a hearing with Commissioner Frank Gorman of the State Liquor Control Commission at Lansing last Friday and asked for a change in the one o'clock closing hour for the sale of liquor.

The Berrien county restaurant owners represented to the Commission that the earlier closing hour put in effect by the Commission a few weeks ago was working a hardship on their own business places and contended that if it were continued during the summer months it would result in injury to the resort and tourist trade that patronizes places of entertainment.

The advanced the argument that the one o'clock closing hour in this county during the winter months in reality meant a midnight closing for the reason that a considerable part of the patronage to dances, night clubs and cafes is from Illinois and Indiana people, both of which states are on central standard time, where as Michigan uses eastern standard time, one hour ahead of central.

Commissioner Gorman told the delegation their protest would be laid before the entire commission for consideration and he indicated that the question was considerable of an issue in a number of the counties outside the metropolitan area of Detroit where places selling liquor are permitted to remain open until 2 o'clock.

In the Berrien delegation that went to Lansing were representatives of the Hotel Whitcomb, House of David and owners of restaurants at Paw Paw Lake, Coloma and Benton Harbor. The delegation also called on Governor Fitzgerald, but he referred them to the Liquor Control Commission.

Will Be Local Opposition

That there will be opposition to the later closing hour on the part of influential groups in Berrien county is indicated by inquiries already received. There are of course people who are opposed to any legalizing of the liquor traffic and who hold that regulations should be much stricter, even if the sale is permitted at all.

W.P.A. Largest Employer of Labor in Michigan

Ninety Thousand Men and Women Now On Its Payrolls.

The Works Progress Administration is now one of the largest, if not the largest, single employer of labor in Michigan.

Ninety thousand men and women, converted from dependents on the "public welfare" into family providers, are now on its rolls.

The WPA is spreading \$1,500,000 a week over the state in wages and for materials. Of this sum, approximately \$1,000,000 a week is going in pay checks to the 90,000 relief workers.

These men and women are all employed at useful public works, most of them permanent improvements, all of them sponsored by state or local governments which are contributing from 25 to 50 per cent of the cost.

Twelve hundred separate projects are in operation in the 85 counties.

These are high points of a report by Administrator Harry L. Pierson on the current contribution of President Roosevelt's work-relief program to the general welfare of the state of Michigan.

This contribution cannot be successfully belittled by a hostile Republican press which picks away at the inevitable small errors made in swinging a program of this size in a short time.

Nor can spokesmen for the Republican party and big business dismiss the problem of providing a decent scheme of life for these 90,000 families by crying over "the extravagance" of it.

The WPA payroll represents all able-bodied heads of families found on relief rolls. Until these workers regain jobs in private business and industry, an emergency will continue to exist.

Edward Bland Was First to Buy Christmas Seals

Campaign Throughout Michigan to Sell Tuberculosis Seals is Meeting With Success.

The first purchaser of tuberculosis Christmas seals in Coloma was Edward Bland, official of the Michigan Tuberculosis Association, announced Mr. Bland's purchase, besides being Coloma's first, adds a new member to the association's order of first seal buyers and a new name to the Christmas seal honor roll. Helping to continue the fight against the White Plague during 1936, the sale of tuberculosis Christmas seals will be continued throughout the nation until Christmas day. In Michigan, 62,000 seals were distributed this year. Funds raised will support the activities of the Michigan Tuberculosis Association and affiliated units during the coming year. Dr. Bruce H. Douglas, president of the Michigan Tuberculosis Association, commended the generous spirits which are bringing early returns from all over Michigan. "It is fine to know that people throughout the state are supporting the cause so enthusiastically," said Dr. Douglas. "It would be difficult to estimate the good their contributions will accomplish. Their generosity means new hope for hundreds of tuberculosis sick in Michigan."

Christmas in Other Lands Described at P. T. A. Meet

Very Interesting Program Was Enjoyed On Tuesday Evening.

Members and friends of the Coloma Parent Teacher Association met in the music room of the school Tuesday evening for the regular December meeting.

The evening's program had been arranged in keeping with the Christmas season. Several of the Christmas carols were sung, under the direction of Ernest Potts.

Christmas customs of many lands were told by representatives of the countries. Mrs. John Peterson told of England, recalling many scenes of her childhood there. Mrs. N. Nicolsia told of the celebration observed in Italy where Christmas is a season of worship and church attendance. There is no Santa Claus and only gifts of food or fruits are given. Rev. John Balfour spoke of Scotland, the land where very little notice is made of Christmas; the celebration there being made on New Year's eve. John Miller told of Christmas in Holland, where Christmas is ushered in with interesting services on Christmas eve.

Christmas is a day of church attendance, going to three services. The day after Christmas is a day of feasting, often having 50 to 100 people eating together in a home.

Mrs. Lyon introduced the program and told of some of the interesting events related to her by other nationalities who were unable to attend and participate in the program. Harold Warnier added to the program with reminiscences of war Christmases in France and Belgium. Coffee and coffee cake were served.

CHRISTMAS TREE

CUSTOM UPHELD MSC Forestry Head Calls It Good Economics

East Lansing.—Prof. P. A. Herbert of the Michigan State College forestry department, said Monday he has little sympathy with "sob sisters" who protest against the wholesale cutting of fir trees for holiday decorations.

"There are millions of persons in the United States who never hunt or fish," he said, "and certainly they are entitled to the enjoyment of these recreations in their own fashion."

He said it appears to him to be good economics to grow fir trees on suitable land to be harvested for Christmas tree purposes. "Perhaps," he added, "such a use is more legitimate than the usual lumbering operations, or the preservation of the trees for the inspection of occasional tourists."

Prof. Herbert estimated that the Christmas tree harvest in the United States totals 9,000,000 trees each year. He said other trees are imported from Canada or shipped into this state from the Rocky mountain region.

Notes of the Courts

Raymond Bakeman, a St. Joseph truck driver who suffered a fractured leg, injured back and shoulder in a truck accident in Wisconsin in 1934, was last Friday awarded a judgment for \$3,000 damages in the Berrien circuit court. Otto Pallas, Stevensville merchant and owner of the truck, was the defendant in the suit. The accident happened while Harvey Pallas, a minor son of the truck owner, was driving.

A jury of eleven men and one woman heard the testimony in the \$10,000 damage suit filed by Harry Lynch, administrator of the estate of Peter Tarara, Benton Harbor, against Chas. Breskin of Chicago, returned a verdict awarding damages to the extent of \$3,500. Tarara died from injuries sustained when he was struck by a car driven by Breskin on Paw Paw avenue in Benton Harbor last August.

Coloma Cagers Were Beaten by Eau Claire

Next Game Will be Played at Lawrence on December 17th.

(By Roscoe Martin)
The Coloma high school basketball team played its first game of the season at Eau Claire last Friday evening and was defeated by a score of 27 to 22. It was an important victory for Eau Claire as it was the first game they have won out of the last 35 starts. The Eau Claire team showed improvement over last year in ability to toss the ball into the basket.

Coloma's lack of practice, due to the long football season this year, has something to do with their loss of their first game. It is hoped and expected that with the progress of the season the team will improve. Briney was high point man for Eau Claire, with six baskets or 12 points to his credit, while Strejc of Coloma made four baskets and one free shot, for a total of nine points.

The starting lineup of the two teams was as follows:
Coloma:—Lahr, right forward; Strejc, left forward; Chapin, center; Feury, right guard; Miller, left guard. Eau Claire:—Burbach, right forward; Briney, left forward; Correll, center; Murphy, right guard; Kar-chaskus, left guard.

Coloma's next game will be played at Lawrence on December 17th.

INTERESTING SUBJECT TO BE DISCUSSED SUNDAY

Rev. Keefer Announces Very Important Topic for Evening Service.

At the Sunday evening service of the Methodist church the topic of discussion will be: "Does the Bible stand for the measures proposed by the Townsend Plan?" Rev. Karl Keefe will consider the subject in the light of spiritual values; of good government, and of American ideals and institutions. The question will be presented in a constructive and conservative way, using Bible scripture as a basis of proof. At the close of the address there will be an opportunity for questions or discussion. Church service begins at 7:00 o'clock and everyone is welcome.

Niles officers were busy the first of the week seeking the remains of Harry Williams of that city, who left a note saying that his body would be found in the Dowagiac creek near the Plym golf course. His coat was found near the spot indicated in the note that he left at the home of his landlady. Respondency was the only reason friends could give for the man's actions. Mrs. Williams and a daughter reside in Chicago and frequently visit with the husband and father.

Make some friend happy by sending them The Coloma Courier for a year for a Christmas gift.

ALICE ARMSTRONG ARRIVES IN COLOMA

Representative of Langlois, Famous Beauty Authority, at Scott's Pharmacy Giving Complimentary Consultations Including Facial and Make-up.

The visit of Miss Alice Armstrong is an advent of keen interest to women here who are always interested in attaining the smart appearance so typical of the women of our community.

She comes through the courtesy of Scott's Pharmacy, the Rexall drug store, straight from the laboratories of M. Langlois, world renowned authority on beauty and charm. She has been trained by M. Langlois himself in the art of teaching new methods of cultivating loveliness right in one's own home.

Miss Armstrong, in talking about her mission here, says "We believe that every woman has a loveliness of her own. We look out from the mirror when she is happy, thrilled, enthusiastic about life, and confident that the impression she is making is a charming one."

"Sometimes this 'loveliness' is uppermost in a woman's appearance; sometimes it is neglected and she is far less lovely than she needs be."

"It is my keenest desire to help the ladies of Coloma and vicinity to bring out and develop this perhaps latent loveliness. Not through a miracle but through sound, common sense principles underlying daily skin care."

"I want to devote 45 minutes to discussing with each woman who comes to me her own skin conditions and problems...to giving her a restful facial followed by an individualized make-up that will minimize any imperfections of feature or complexion and accent every beauty."

"I use only M. Langlois' famous Cara Nome Beauty Creations because I have found them the purest, finest and most effective obtainable."

"There is no obligation...no charge for this consultation. Scott's Pharmacy has personally engaged me for this service as a courtesy to their customers and friends."

Miss Armstrong will really help women to attain the new beauty demanded today. She will be available all week beginning December 16th, for appointments between 9 a. m. and 4:45 p. m.

Make your appointments early by calling Scott's Pharmacy, Phone 49, Coloma, as only ten appointments a day can be made.

TEN COMMANDMENTS

FOR MOTORISTS

(Publishers Auxiliary)

The following Ten Commandments for motorists, now being widely published; are worthy of being studied and heeded by every driver:

Thou shalt have one driver, and that one a good one, at the wheel.

Thou shalt not make false traffic signals, false laws nor serve them, but shalt obey all traffic signals and the law. Stop, look and listen.

Thou shalt not study the law in vain, for thou shalt not be held guiltless if thou are ignorant of the law.

Remember every day to drive carefully. Be courteous to all sons, daughters, servants, animals and strangers, that every day may be free from accident.

Honor thy fellow motorist, that thy days may be long upon the highway which the State giveth thee.

Thou shalt not injure, kill, be unjust or inconsiderate.

Thou shalt not muddle thy brain with intoxicants, sleep, carelessness or any other enemy that hinders thy alertness.

Thou shalt not steal thy fellow motorist's part of the road.

Thou shalt not bear down upon thy fellow motorist or pedestrian unaware, nor blind him with glaring lights.

Thou shalt not covet thy fellow motorist's place or anything that belongs to him. Safety first takes no chances on sorrow. Mind your own business for conscience's sake, and above all, be courteous.

Original Siamese Twins

The original Siamese twins were Chang and Eng. Chang was temperate but his partner had no effect upon Eng, although a thin bar of liver tissue extended through the band which joined them.

MICHIGAN POTATOES

SELL WELL IN CHICAGO

Because of Their Grading and Quality
They Bring More Than Those From Neighboring States.

LANSING.—For the first time in many years Michigan grown potatoes are bringing a premium on the Chicago market, Commissioner of Agriculture James F. Thomson announces. Strict enforcement of the grading laws by the department of agriculture, coupled with the Michigan Bonded Farm Produce Label plan, were given as the reasons for the premium price by Commissioner Thomson.

"While Minnesota and Wisconsin potatoes are bringing from \$1.00 to \$1.15 per 100 pound sack, Michigan potatoes are bringing shippers as high as \$1.40 per 100 pounds," Commissioner Thomson said. He pointed out that under the bonded label program shippers are bonded with the state that their products are up-to-grade.

The Michigan potato crop this year is expected to reach approximately 24,000,000 bushels compared to 24,000,000 bushels in 1934. The average production in the state for the past ten years has been 23,715,000 bushels.

Beginning Nov. 1, Commissioner Thomson established inspection stations on principal highways leading out of the potato belt, and as a result the quality of potatoes placed on the market has been vastly improved according to department records.

Mr. Maciro Negro, who died on last Friday in Coloma, while visiting at the home of his son, Joseph Negro, was buried from St. Joseph's church in Waterliet Monday morning at 9:15. Interment took place in the St. Joseph's cemetery here. The deceased was born in Italy 65 years ago and for the past 50 years has resided in and near Chicago. Besides the son, Joseph, he has several relatives in Chicago. No immediate brothers or sisters survive him. A number of relatives attended the evening services which were held from the Davidson funeral home in Coloma Sunday night, and a number of floral and spiritual bouquets were offered by his friends.

The Rev. J. Francis Murphy officiated at both the requiem mass and the committal services, assisted by the Masters Rudolph Kasher and John Salay, of Waterliet.
