

Red Raskall by CLARK McMEEKIN

CHAPTER XVII
"He come home last night" Cupie was pleased to oblige.

occasionally, to ride to gather nuts on the river. She never mentioned the argument they'd had over the ownership of the red-brown horse.

"Go right to it," Minnie's voice had a purring sound. "I got ideas for Lark, too. Like Red Raskall and Galt at the Fair. Fair opens up in Norfolk, end of the month. Me an' her."

Lark said, "Minnie, you're being so more than kind—but I've got to be to Red Raskall to Squirt Terraine. After—"

"Don't cross a bridge till you are over it," Minnie said. "We'll see how you get on."

"Barney had a sight of gossip on him when he came to milk this dawn." Gladly she forked an un-finished chicken leg of Lark's plate.

"Lord," Minnie said cheerfully, "don't try to talk to me about Red Raskall. You're not to be seen near it. All right, honey, you take an' light out after the Terraines. They ain't got more than twelve hours' start on you. You're bound to get 'em in a couple weeks up in the wilds of the Kentucky mountains."

"You been fighting, Lark?" Lark said, "I know old Fitz. You was puttin' 'em out so quick? How'd I know the Terraines was takin' foot for Kentucky right after the wedding?"

"I knowed they lost the horse race, last week. How'd I know old Fitz was puttin' 'em out so quick? How'd I know the Terraines was takin' foot for Kentucky right after the wedding?"

Sandwiches, Salads Form a Basis for Nourishing Lunches
Lynn Chambers' Menu: *Pepper Pot Tomatoes, *Mussard Cookies, *Rice given.

Nine-Mile Curve
A railway curve of 9.45 miles between Rudock and Tully, La., is the longest in the country. It is called the Pontchartrain.

ASTHMADOR
"Make It Work Usher"
Dose: 1/2 cup chopped green pepper, 1/4 cup butter, 1/2 quart of meat stock, 1/2 cup sliced potatoes.

ASK ME ANOTHER?
A General Quiz
1. A shark has no bones. 2. What is its skeleton composed of?

How To Relieve Bronchitis
Cremolone relieves promptly the coughs and colds that are so troublesome to help. It contains special glandular protein and active vitamins.

Yes! Sweeter, Tastier Bread with FLEISCHMANN'S ACTIVE YEAST
Light, fruity desserts offer taste and color contrasts to the hearty meals. Here, Cranberry Parfait is served in tall glasses topped with a square of jelly to make the dessert more attractive.

MUSCLES that Twist and Strain rely on SLOAN'S
When outdoor work and chilling winds leave muscles aching and sore—take the best way to feel happy relief. Just put on Sloan's Liniment, warm, away those muscular pains.

Watch Your Kidneys
Help Those Who Have Blood of Harmful Body Waste
Doan's Pills are the only medicine that cleanses the blood from the kidneys.

FOR QUICK RELIEF FROM Tired Aching Muscles • Sprains Stiff Joints • Strains • Bruises
What you NEED is SLOAN'S LINIMENT

SEWING CIRCLE NEEDLECRAFT
In Lazy Daisy and Outline Stitch
One small motif in combined needlework makes these gift-worthy projects all hand made in 15 to 20 minutes.

THESE charming motifs in outline stitch with just a touch of cutwork lend elegance to plain linens.

True Magnetic Pole Site Found

RAF Polar Explorers Claim Discovery of Right Spot Far North

LONDON.—A century-old Arctic belief was disputed recently by 11 RAF polar explorers who claim the true magnetic pole is located in the north polar region above the tip of North America, 300 miles north-northwest of its supposed location on Boothia peninsula.

Word of the discovery was reported here by the Royal Geographic Society from RAF Wing Commander D. C. McKinley, who pilots a converted British Lancaster bomber across the magnetic pole last May, according to the British press.

McKinley reported that he and his 10 fellow explorers fixed the true magnetic pole in the north polar region above the tip of North America, 300 miles north-northwest of its supposed location on Boothia peninsula.

Word of the discovery was reported here by the Royal Geographic Society from RAF Wing Commander D. C. McKinley, who pilots a converted British Lancaster bomber across the magnetic pole last May, according to the British press.

Washington Digest Distance Dims Reality Of Europe's Need of Aid

Well-Being of U. S. in Contrast to Nazis Rins Of Old Wives; Trials of Black Point Up Evils of Militarism.

By BAUKHAGE News Analyst and Commentator. WNT Service, 1616 Eye Street, N. W., Washington, D. C.

Back in this beautiful country where houses have roofs, furnaces have coal and larders have food in them, and cigarettes are thrown away half-smoked, I find it hard to realize that what I saw in wracked and aching Europe is other than an early nightmare.

For that reason I am less stunned by the reports of the horrors of the flight which were withheld pending McKinley's return to London.

By coincidence, the explorers left England on May 19, 1945, exactly 100 years after the start of the ill-fated expedition led by Sir John Ross, which set out in 1845 to discover the Northwest Passage.

There were no survivors of that expedition. The ship, the Terror, was wrecked in the ice, and the crew perished.

Lincoln Established Department Of Agriculture 84 Years Ago

Great President Always Remained A Farmer at Heart

By Virginia Hale. A LOT of New Yorkers would kick themselves if they knew what has happened lately. For Bing Crosby heads the list of movie and radio stars whom most people would like to see in person. And Bing can't resist the sidewalks of New York. Wearing a slouch hat, smoking a pipe, with the collar of his overcoat turned up on chilly days, he's traveled over miles of New York by foot; walked clear to the Battery one morning, and then rode all the way back uptown on a crowded bus, but nobody recognized him, though he was wearing a "Bing Crosby" hat.

Soon he finished reading, took off his steel-bevoped spectacles, reached for a pen and signed his name to the last page.

Thomas Lincoln, father of the president, Abe Lincoln, then a grown man, helped his father build the house and visited it often. It is in Coles county, near Charleston.

Food production was just as important in the Civil War as it is in World War II. Farmers had to be encouraged to produce more food.

CHRISTIAN SCIENCE CHURCHES

"Spirit" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, February 10. The Golden Text (I Corinthians 2:10) is: "The Spirit searcheth all things, yea, the deep things of God."

Among the Bible citations in this passage (I John 4:12,13): "No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 331): "God is individual, incorporeal. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual."

Electricity Farms
Slightly less than 50 per cent of the country's farms are now electrified.

Lake Michigan Beach

Truly we've not let you Lake Michigan Beach column readers down. In fact, we have thought of you often, and like others who are away from the Beach, we wonder what is going on. Maybe you do know that your writer is in Chicago and as old as she is, is going to school again. Not the A, B, C's of writing, but A, B, C's of figure analysis and control, and we sure have been busy. But not too busy to call on our neighbors, Genevieve Rivers and Mamma Nasselli. Both are anxious to get back to the Beach and they send best regards to everyone.

We had dinner with the Galvin's at their home last week. All four boys—Jack, Jay, Frank and Don—are home, and with John Gunn being there also it was quite a reunion. Frank and Don are—as they say, simply itching to be at the Beach. Don brought home many interesting souvenirs. All the boys are back in "civies" and working.

Bob Gunn left on Sunday for Lansing where he will attend deputes sessions for Grange work; he expects to be there four days.

Blair Phillips is home and in "civies." He and John Gunn are together as much of the time as they were before they went off to war. The two of them were in Kalamazoo Friday night. "Double date," I think is what they call it. It's wonderful to have them coming back and they seem quite like they were. Our community has surely been fortunate.

Can't tell you anything about Mrs. Downs' party at Gusses' last week. You were no doubt there and had a good time. The next party for the Women's Club will be at the clubhouse on a Saturday night. We are not sure about the date, but am sure it was announced at Mrs. Downs' party. The Gusses will be a big gathering.

We are staying with our good friends, David and Minnie Frederick. They have bought a cottage at Round Lake, just about 45 minutes from their home so we are thinking we will not have them at Lake Michigan Beach as much as in former years. They have a very nice cottage in a wonderful location near the lake; both are good fishermen and will have a happy time. They are already having lots of fun, Minnie saving all her loose change for linoleum and David grabbing all he can get for a boat. You would not understand just what we mean by grabbing, but we know he will say "Get Whiz" when he reads this. It is all in fun anyway.

Save Kitchen Fats
Farm women in Michigan are urged to continue the salvage of used kitchen fats. Robert Hershey, extension nutrition specialist at Michigan State college, and fat salvage leader, says that the need is still great. Collections of used fats from rural areas are helping to meet the heavy demand for inedible fats and oils. These are important ingredients in soaps and other industrial products. Meat dealers pay 4 cents a pound for used kitchen fats.

Honey Production
Honey production varies from year to year due to differences in weather, plant growth and other conditions.

Berrien County Deaths

Mrs. Adella M. DuVall
Mrs. Adella M. DuVall, widow of the late Milton DuVall, died Saturday, February 2, 1946, at her home at Riverside at the age of 83 years. She was born in Hagar township in 1862, the daughter of George L. and Harriet Elston, and had spent her entire life in that community. Funeral services were held on Tuesday afternoon from the Riverside town hall, conducted by Rev. George Elliott, pastor of the Coloma Methodist church. Interment was in Hagar cemetery No. 4.

Mrs. Julia Anderson, 74 years old, died February 1, 1946, at her home at Royalton Heights after a four months illness. She is survived by her husband, Swan Anderson, by one son and six daughters and a brother.

Following an illness of a year, Mrs. Ida M. Vosburg, wife of Lyle Vosburg of Three Oaks, died February 2, 1946. Besides her husband, she is survived by a brother and a sister.

James Edgar Phillips died February 2, 1946, at his home in Benton Harbor at the age of 64 years, after a few months illness. He is survived by his widow, four children and two sisters.

Mrs. Ernestine Krieger, formerly of Sodus township, died February 2, 1946, at a hospital in Kalamazoo after a long illness at the age of 81 years. She was the widow of Fred Krieger who died several years ago and is survived by a daughter, Mrs. Adolph Schoenfeld of Sodus township.

Lewis O. Paul, a wellknown Weesaw township farmer, died February 1, 1946, at his home near Galien at the age of 85 years. He is survived by his widow, by four children, a brother and four sisters. Funeral services were held on Monday; interment in the Weesaw cemetery.

Leon VanWert, prominent New Buffalo resident, died January 29, 1946, at a hospital at Michigan City, Ind., at the age of 54 years. He is survived by his widow.

Mrs. Marguerite Goetz, 91 years old, died January 29, 1946, at a convalescent home near Bridgman. She was a former resident of Benton Harbor and is survived by two daughters.

Mrs. Mary Christiansen died January 29, 1946, at her home in Benton Harbor at the age of 87 years. She is survived by several sons and grandchildren.

Mrs. Mary Sittig, member of a prominent Three Oaks family, died January 29, 1946, at the age of 78 years. She is survived by three sons, two daughters, two brothers and a sister.

James Roth, 75-year-old resident of New Buffalo, died January 29, 1946. He is survived by his widow and two sons.

Royal Morris, a prominent Berrien township resident, died January 30, 1946, at his home at Berrien Center at the age of 81 years. He is survived by two children, a sister and a brother.

Alex Kamber, 57-year-old resident of St. Joseph, died January 29, 1946. He is survived by his widow, a son and a daughter.

Miss Ann Frances Roberts, 70 years old, died February 1, 1946, at the home of a sister, Mrs. W. A. James in St. Joseph.

Charles Drachenberg died February 1, 1946, at his home in Benton Harbor at the age of 83 years. He is survived by his widow, a son and a daughter.

Samuel B. Hampton, 87 years old, died January 31, 1946, at his home near Galien. He is survived by a daughter, four sons, a brother and two sisters.

Mrs. Minnie Chapman Smith, a longtime resident of St. Joseph, died January 31, 1946, at the age of 88 years. She is survived by a nephew, Attorney Chas. W. Stratton of St. Joseph, and a cousin.

Mrs. Ida Reamer, wife of Edward Reamer, died February 4, 1946, at her home in St. Joseph at the age of 56 years. She is survived by her husband, a son and three sisters.

Frank Petr, 73-year-old resident of Washington avenue near St. Joseph, died February 3, 1946. He is survived by his widow and several nephews and nieces.

Frank C. Patton, a prominent member of the Catholic church in Benton Harbor, a former government postal employe, and later employed at the Benton Harbor fruit market, died February 3, 1946, at the age of 73 years. He suffered a heart attack on Saturday night and died the following evening. He is survived by his widow by two sons—Louis J. Patton and Charles F. Patton—and a daughter, Mrs. Lewis Filstrup of St. Joseph. Funeral services were held on Wednesday morning from St. Johns Catholic church with interment in Calvary cemetery.

Joseph M. Taylor, 81 years old, died February 3, 1946, at the home of a daughter, Mrs. Grover Carroll in Benton Harbor. He is also survived by another daughter, Mrs. Roy Boyd. Funeral services were held on Tuesday.

Breeding Rabbits
To multiply like a rabbit means to breed from four to eight times a year. Rabbits breed with this amazing frequency and each litter normally contains from four to eight young. Rabbits begin to breed at the age of six months and live to the ripe age of seven or eight years.

Cool State
Wyoming has the coolest midsummer weather of any state in the Union. The average July temperature is 65.7 degrees.

MORE RETURNED VETS

FILE DIVORCE SUITS

Bert Besoit of St. Joseph filed suit for divorce from Elizabeth Bednark Besoit on a charge of cruelty. They were married in Louisiana while Besoit was in the army and when he returned home last month his wife told him she would not live with him any more and on January 13th she moved to Chicago.

Alexander Hook of Benton Harbor, a returned veteran, charges in his suit for divorce from Flavia Weber Hook that while he was overseas he should do anything he wanted to and have a good time as she was doing the same. He charges that she accepted his allotment check and spent it on herself and a child by a former marriage and then she waited until he came home and the allotment ceased, when she refused to be his wife.

Other Divorce Cases

On Thursday of last week Circuit Judge Fremont Evans granted a divorce to Mrs. Charles Reybuck Bailey of St. Joseph from Bertrand F. Bailey on a charge of desertion. John Baggott of Benton Harbor was given a divorce from Lucille Gates Baggott on a charge of cruelty.

Among the recent divorce suits filed are the following—Ruth Daley O'Banion of Niles from Jess O'Banion on a charge of cruelty. Andrew Novikoff of New Buffalo from Agnes Novikoff on a charge of cruelty.

Out of five divorce suits filed in the Berrien circuit court last Saturday, three of them involved service men. Paul G. Stoglund who was discharged in December asks a divorce from Virginia Pearce Stoglund of Benton Harbor on a charge of cruelty. Virgil L. Yaw, a Niles veteran, from Clara Richey Law, cruelty. Mrs. Lila Hartline Gast of St. Joseph from Wm. A. Gast, a returned veteran, cruelty. Mrs. Etta Marie Russ from Vallid Russ, Benton Harbor, cruelty and non-support. Mrs. Cora Dale Duel from Clarence R. Deul, Benton Harbor, cruelty.

Extend Paint Oils
Petroleum resins, extracted from gasoline to reduce gum-forming tendencies, are used as extenders for paint-and-varnish making oils, are applied to metals as protective coatings, and serve as binders for sand in preparing foundry cores for casting metals.

139-141 PIPESTONE BENTON HARBOR

What do I think of the servant situation?

Why, I haven't any servants!
That's what you think, lady.

Are you sure you've got the right house? We're the I. Budget Smiths. You're probably looking for the J. Tycoon Smiths; over on Golf Terrace.

No, Mrs. Smith, I mean YOU—

Well, something's wrong somewhere. I do all my own housework.

Not quite all, Mrs. Smith. You have some household appliances, haven't you?

Of course, but—

OF COURSE—that's the answer, Mrs. Smith. You DO have a servant, but you take that servant for granted. You've got a combination laundress, cook, cleaning woman, lamp-lighter, seamstress and entertainer—one who doesn't mind a few odd jobs like heating the bath water, guarding your food, fanning your fevered brow—

Oh, you mean ELECTRICITY—

Yes, Mrs. Smith, electricity—the universal servant who works 24 hours a day at low pre-war wages—and never asks for time off. Why, Mrs. Smith, your "servant situation" here in America is better than anywhere else in the world.
