PAW PAW LAKE **GAINS BOATING FAME**

Will Be Represented at World's Fair Races in Chicago Sunday.

Paw Paw Lake is rapidly gaining a reputation in the boating world. Ever since Andy Gantner made a good showing in the national races in California last fall, when he raced under the colors of the Paw Paw Lake Motor Boat Club, the Lake has constantly become better known.

When Stuart Bell entered his "Bottoms Up" in the Star Class races in Peoria, and nearly walked off with the Great Lake championship and the right to enter the Olympic tryouts, it was just another step forward to fame for Paw Paw Lake.

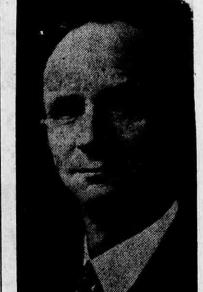

Next Sunday Paw Paw Lake and the boat club will be represented at the World's Fair races in Chicago by Fred C. Franz of Niles, three times Andy Gantner and Art and Norman Siegel. All three have had long experience in racing and each should make an excellent showing in the Chicago events, especially Andy, who drives what may turn out to be the boat with the world's record speed. The Eugene McDonald Trophy, which will be awarded to the winner, is reputed to be the most beautiful and most expensive award ever offered.

63 WILL RACE IN BERRIEN PRIMARIES

Largest List of Candidates Who Ever Sought Nominations in County at a Primary Election—Republicans Have Contests For Every Office But Two -Democrats Have Five Candidates For Sheriff, Four For County Clerk, Three For Treasurer, and Three For

The primary election on September 13, 1932, gives real promise of being the hottest primary that was ever held in Berrien county, as there are 63 candidates seeking office in Berrien county on the Republican and the Democratic tickets. Thirty-five Republicans and twenty-eight Democrats filed their petitions with County Clerk Benjamin H. Bittner before the time expired on Tuesday afternoon.

That there will be real, live contests in the ranks of both parties is shown by the roster of candidates. The Republicans have three candidates for representatives from the first legislative districe, and four from the LOSES ARM IN CRASH second. For the office of judge of probate, the Republicans have three candidates and the Democrats two. There is but one candidate in either party seeking the nomination for prosecuting attorney. One of the biggest scraps in the Democratic party will be that for the nomination for sheriff, as there are five men in the race, all well known and all good compaigners. In the Republican fight for sheriff, two old-time rivals—Charles L. Miller and George C. Bridgman will fight it out again, as they did two years ago, with Fred G. Armstrong of Benton Harbor as the

Many Seek Re-Nomination

The following candidates, all at present holding office and having been elected from the Republican ranks, seek re-nomination this year: Jesse G. Boyle, representative from the first legislative district; Clarence D. Birknolm, representative from the second district; Benjamin H. Bittner, county clerk; Stuart B. White and J. T. Hamnond, circuit court commissioners; Marion A. Rutherford and Louis Kerlikowske, coroners; and John A. Howard, who was appointed county surveyor to fill out the unexpired of James Hampton, who resigned as a result of the grand jury investigation of the workings of the Berrien county road

Candidates Well Scattered

The candidates whose names will appear on the primary ballots will represent every section of the county with the greater number of them coming from Benton Harbor and St. Joseph. On the Republican ticket, fifteen of the candidates hall from Benton Harbor; six from St. Joseph; five from Niles; three from Buchanan, and the others are from St. Joseph township, Sodus, Pipestone and Hagar

How Many Ballots to Print is Problem

How many primary election ballots for the Democrats is a problem confronting County Clerk Benjamin H. Bittner. In former primary elections in this county there have seldom been any contests for Democratic nominations and consequently the party's primary vote has been extremely light and comparatively few ballots required. This year it is different. With the party leaders having visions of a Democratic ticket and warm contests for all but two or three of the places. The Democratic ticket received over 8,000 votes in the November election two years ago, and Clerk Bittner believes it quite probable that at least that many votes will be cast in the Democratic primary September 13.

DEMOCRATIC CANDIDATES

For representative in state legislature, first district-Thomas J. O'Donnell of New Buffalo; Julius J. Kreiger of Lincoln township; and Dean Morley of Weesaw.

TWO EX-SHERIFFS IN PRIMARY RACE

Elected.

The final hours for the filing of nominating petitions marked the entrance in the primary race for sheriff of Berrien county of two former occupants of that office. George C. Bridgman, Republican, and sheriff for two terms, filed his nominating petitions on Tuesday, the final date for qualifying.

"Before his four years were out Bridgman was widely known beyond the borders of Berrien. The love and lure of the sheriff's game never left Bridgman and so he continued a big factor in politics with an eye always on the sheriff's office. It's no secret didate for the Democratic nomination that his greatest ambition is to go back to the sheriff's office for another four years. He tried it twice since he retired in 1925 and on this, his third effort, he is supremely confident that he will be successful."

Sheriff's Office Lures Franz Too

The chief law enforcing office in the county has a lure for the Democrats as well as the Republicans, and as a matter of fact the office has been in the hands of the Democrats a little more than half of the time during the last thirty years. Mrs. Jane I. Cutler, the only woman to ever hold the office of sheriff in Berrien county, is the present sheriff and a Democrat. She was appointed to fill the vacancy following the death of her husband, Sheriff Fred J. Cutler, last winter.

Former Sheriff Fred C. Franz of Niles township, has the distinction of being the only man who ever served as sheriff of Berrien county for more than two terms. Mr. Franz held that office from 1912 to 1916, and was elect ed another term as sheriff in 1924, serving until the end of 1926. Like former Sheriff Bridgman, former Sheriff Franz admits that the running down of crime has a lure about it for him sufficiently strong to cause him to shy his hat into the Democratic primary ring again this year, although there were several other Democrats ahead of him in filing petitions for the race -James M. Miller, Benton Harbor; John A. Burger, Benton Harbor; Paul Radde, St. Joseph; former Mayor Fred D. Cook, Niles.

For thirty years Franz has been one of the Democratic leaders in the county. During most of that period, when he hasn't been sheriff, he has been connected with Berrien county affairs as member of the Berrien county board of supervisors, and is at present the member from Niles township. During his long service as supervisor he has been on practically every important committee and was once chairman of the board. He is a grain farmer and stock raiser and on his large farm in Niles township is one of the county's finest herds of Holstein cattle. Supervisor Franz is in St. Ignace this week where he is presiding over the sessions of the state convention of the Michigan

In filing his petitions the former sheriff said: "I am in to win."

HERE AND THERE

Wall street apparently believes at this time that Roosevelt will be elected President in November. A news dis patch last Friday stated that betting on the floor of the stock exchange was Fred C. Franz, Democrat, Three Times five to four on Roosevelt, with no Elected—George C. Bridgman, twice Hoover takers. A week previously even money bets prevailed.

> The cost of county government in Berrien for the year 1931 was \$57,000 more than for 1930. The increase is accounted for largely in the welfare relief such as the poor fund, contagious diseases, mother's pensions, tuberculosis care and adult afflicted; all of which is chargeable largely to the depression and financial panic that forced many citizens to seek public relief who under ordinary conditions were able to take care of themselves. The board of supervisors has effected substantial economies in all of the county departments which should materially reduce the city \$11,000 still due on the waterthe total of county expenditures for the works bonds, issued seventeen years present year, natwithstanding the fact that the depression is making necessary continued heavy appropriations

To avert a financial crisis in the affairs of the city of New York, Mayor Walker has asked the 130,000 officials and employees of the country's largest city to contribute one month's pay. The mayor evinced his own willingness to contribute two months' salary.

A glance at the old time news notes in The Record of 39 years ago will show the reader how farm prices now compare with those of the depression and panic of 1893. Pork, potatoes, new wheat and oats were higher, butter approximately the same and eggs

The National Safety Council in a report recently issued gives the total fatal accidents in 1931 as 33,500; nonfatal, 1,299,000; permanent injuries, 100,000. Among the larger states Pennsylvania, Ohio and Michigan show the greatest reduction in accidents.

Berrien county Republicans continue to lead in the desire to hold public office. In a year when all the signs point to Democratic success at the polls in November, aspirants for office year. My friends began coming to me under the Republican label in Berrien

M. E. CHURCH TO GIVE MUSICAL SUNDAY EVENING

Splendid Program of Sacred Music to Be Presented by Choir

One of the outstanding events of the church year is to be given at the Watervliet Methodist Episcopal church next Sunday evening, July 31st, when the choir of the church will present a musical, under the direction of Fred Vonderheid.

The program begins at 7:30 o'clock and music lovers will be given an opportunity of listening to more than an hour of music, consisting of solos, duets, trios, quartettes and numbers by the entire choir of thirty voices. There will be both instrumental and vocal selections and the program throughout will be of a high class nature. Following is the program:

Beauty Enters the Kitchen

Drudgery Steps Out

What a wonderful difference it makes in a kitchen

to replace an old, dingy, antiquated stove with a new Kitchenkook range, finished from top to

bottom in smooth, flawless porcelain enamel! The

entire kitchen seems suddenly to wear a smile.

Just imagine your kitchen with the addition of a

Kitchenkook like the one shown above, finished in

white porcelain enamel trimmed with grey-or

modern gas stove, for Kitchenkook makes its own

gas from common gasoline, obtainable everywhere at low cost. Kitchenkook offers the equivalent of city gas service with all its cooking speed, ease of control, cleanliness and safety. Let us demonstrate each of these important Kitchenkook features.

runs in the first round, following with three more in the third, two in the fifth, and made their final score in the ninth inning, when with two out the batter hit ahard line drive which look-

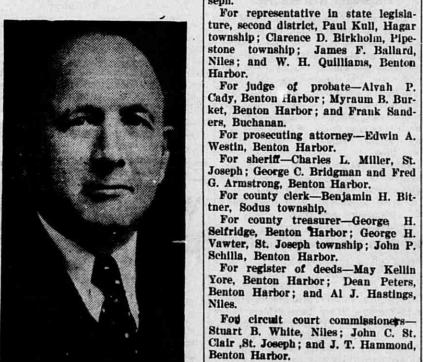

ed like a sure hit, but was taken by Strejc for the final out. The Coloma team scored one run in the first inning, but failed to score again until the home plate on four hits. They came back with two more in the sixth inning and three in the seventh, to conclud for Coloma, and Houston received fo he Giants. There was a large crowd out to see the thrilling game.
On Sunday, July 31, the Breedsvill Independents will furnish plenty of thrills for the local fans as Breedsville has always had a good baseball team and has given its Coloma opponents plenty of trouble to win, so if you want to see a rea lgame of baseball be sure to be at the Crystal Palace park next Sunday afternoon.

Tax Meeting At Naomi

At Naomi Grange Hall last Friday evening more than 100 farmers and their wives met at the Grange room to listen to the speakers of the Michigan Farm Tax Association and the speaker of the National Organization for the Reduction of Public Expenditures, sponsored by Mr. Robert McCormick of the Chicago Tribune and other large interests who are interested in reduc tion of the tax burden. In spite of the heat and the rather unsatisfactory conditions of the seating capacity of the hall, those in attendance lent an attentive ear. The speaker for the National Organization was Mr. Robert Gunn and the speaker for the Michigan Organization was George Foulkes of Hartford, the president of the latter organization. The chairman of the meeting was Mr. John Tompkins who turn introduced the speakers of the evening. It is also noted that other candidates for office on both the major NEXT SUNDAY CLOSES ANNUAL tickets were in attendance but did not CRYSTAL SPRINGS CAMPMEETING speak.
