GOOD TURNOUT FOR 10TH ANNUAL DAWN PATROL SUNDAY

Watervliet's 10th annual Dawn Patrol held last Sunday, August 11 was termed a success with nearly 2,000 people and 70 planes attending.

The earliest arrival was a pilot from Detroit who came at 4:30 a.m. A pilot from Sandwich, Illinois came the farthest distance. A lady pilot also came from Sandwich, Illinois. The youngest pilot came from Lawrence and was 16 years old. The oldest pilot was 67 years old and came from Howell, Michigan. Trophies were presented to each of these people.

Winning tickets were drawn by Danny Koshar and Mrs. James Fennessey won the first prize of an AM-FM radio. Miss Watervliet presented the prizes. The Watervliet Lions Club sponsored a fly in breakfast and a chicken barbeque at which 900 people were served.

Bob Koshar, secretary of the Watervliet Airport board, said this year's dawn patrol had twin engine airplane rides for the first time. A \$110,000 jet helicopter owned by John Carter of Greenville was also on hand for rides.

A pilot from Howell put on a demonstration with a hello courier, a stol type powerful turbine engine plane which can take off at 50 feet.

The air show put on by the flying cowboy, Bob Carter, was enjoyed by everyone. The shows and demonstrations were arranged by Dr. Fred Brown of Lansing.

The Master of Ceremonies, Mr. Ward Maynard was presented a trophy from the city for doing such a good job. He took time out from his job at the Department of Commerce in Lansing to MC for the Dawn Patrol.

Bob Koshar said the townspeople were extremely well represented, although they didn't have the crowd they anticipated because of all the other events in the area. The Hastings fly in was the same day also.

Patton Bros. Lose Antenna

During the hard rainstorm and wind last Thursday, Patton Bros. lost the antenna off their roof and their phone service was cut off for a few hours. No other damage to the store was reported, and no one was injured.

WATERVLIET ALL-STARS ELIMINATED BY FAIRPLAIN

The Watervliet All Stars were eliminated by Fairplain last Sunday when they lost their game 12 to 8. Steve Schnick was the winning pitcher for Fairplain.

Jeff Christianson had two hits for Watervliet while Jeff Carpenter, Jack McNees, Mort Leith, Randy Dillenbeck, Bob Puckett, and Bruce Harmon each had one hit.

NEW SIGNAL LIGHTS AT C. & O. CROSSING TO BE INSTALLED

At the regular city commission meeting held Wednesday, August 7 it was reported that the Chesapeake and Ohio railroad will install new signal lights on Main street and Pleasant street crossings at no cost to the city.

During the business meeting, the commission agreed to request Arden Rowley of Hardings Market to have drainage repairs made at the drug store, leased by the market as drainage problems have resulted in damages to a nearby street.

Other Business

The commission also voted to have a well pump overhauled, and approved a Disabled American Veterans flower sale on the streets and ordered fencing installed around the sewage treatment plant to help reduce vandalism. A State Highway department recommendation that five parking spaces be eliminated on Main street was referred to the commission safety committee for study.

Park commissioner, Milton Lamplot, reported that the Jaycees are being asked to help install a new swing set at the park. He also said there are park tables available for families at no cost and without reservations, however other groups of tables must be reserved through the city clerk and there is a charge for large groups.

FLOWER SHOW TO BE HELD SATURDAY

Horticulture will play a large role in the Watervliet Civic Garden Club's annual Flower Show on Saturday, August 17 at the South Elementary School. There are 24 classes listed on the show schedule for horticulture and the public is cordially invited to exhibit the many kinds of annuals and perennials which they grow. These flowers should be named.

Nine classes have been arranged for Garden Produce, which is to be displayed on paper plates, remembering that uniformity is of prime importance. Show schedule gives number required of each.

House plants, including single and double crowned African Violets are placed in five classes. Foliage plants, flowering plants, succulents and any other plants are provided for.

Interesting Section

Last, but not least, a most interesting section for collections has been planned. Five specimens of annuals, perennials, roses, Hosta Lily (display leaves) and ground covers are listed.

An Award of Merit will be given to the most outstanding exhibit in horticulture, providing it scores 95 per cent or better, and a Sweepstakes Award will be given to the person having the most blue ribbon points in horticulture.

Information concerning show schedules may be obtained by calling Mary Western or Elsie Blatchford. Plan to enter!

PUMPKIN SEED RUINS HIS MOM'S GLADS — Eight-year-old John Carr planted a seed last June in the middle of his mother's garden of glads. The vine grew and grew and choked off all the gladiolus flowers. Not a single glad bloomed. The vine spread out more than 30 feet from the main plant. John was quite proud of his pumpkin vine, but his mother, Mrs. Phyllis Carr, didn't feel quite that way about it.

Mr. & Mrs. Charles King Return From Honeymoon

Mr. and Mrs. Charles King are at home on Route 2, Besemer road, following their return from a northern Michigan honeymoon.

The couple were married Sunday, August 4 at the First Congregational United Church of Christ in Coloma. The Rev. C. Jack Richards officiated at the 7 p. m. ceremony. Baskets of pink and white gladiolus were used to decorate the church and pews.

The bride, Brigida Salazar, daughter of Mr. and Mrs. Seferino Salazar of Brownsville, Texas, was attired in a bouffant floor-length gown of lace with a fingertip veil of imported illusion, held by a tiny crown of silver.

Maid of honor, sister of the bride, was Miss Alberta Salazar, and Miss Beatriz Salazar, another sister and Miss Anade Garcia, a friend, were the attendants. They wore gowns of blue, pink and white lace and satin with white lace headpieces.

The groom, Charles King, son

of Mr. and Mrs. Charlie King, Route 2, Besemer Road, was attended by Walter Karony as best man. John Saltzman and Brian Steinke were the groomsmen. Clifford Hughes and Gary Bender served as ushers.

A reception for the 100 guests was served in the church parlors immediately following the ceremony. A four-tiered wedding cake, topped with a miniature bride and groom, centered the refreshment table. White and pink gladiolus blooms were used to decorate the tables. Mrs. Paul Ryan served the wedding cake and Miss Delores Izeta served the punch.

The groom is associated with his father in farming and will continue his education at Lake Michigan college, Benton Harbor.

BEGONIAS

How can we know whether the plants we are growing are Begonias or something else? There are so many varieties with so many different characteristics; the strawberry begonia which sends out runners with little plantlets starting at the ends; The so-called watermelon begonia which is not a begonia at all but a peperomia. Double begonias, single begonias, angel wing, wax, rex, calla lily and many other types, so different and yet all of the same family of plants. They are all so fascinating that every flower lover should have a few.

Summer quarters can be simple or elaborate. A single begonia in a light shade beside the door makes a pleasant greeting for the caller. Or arrange pots on benches or shelves, in window boxes in the light shade of a tree. Plants can also be sunk in pots in the garden where there is light shade, but it is advisable to put a layer of cinders beneath the pot so that earthworms will not enter the drainage hole.

In the fall take indoors a week or ten days before the windows are closed and the heat turned on. Grooming and pruning of all plants is necessary. Keep dead or dying flowers picked off and an occasional spraying or washing is good for a plant can't breathe if its leaves are covered with dust. Tip growth should be pinched off to make more branching and bushy plants.

There is no end to the variety of begonia plants; they range from climbing, hanging, and bushy window sill type. Their foliage may vary from green to shiny bronzy red; their leaves may be the size of a penny or a dinner plate with colors either brilliant, subdued, velvety, deeply ruffled or puckered like seersucker. There is the angel wing begonia with dangling clusters of outsized flowers. There are begonias whose flowers grow beards and whose leaves look like plush; and the beautiful tuberous begonia to glorify a summer garden bed.

Begonias do not require full sun so it is not hard to find a location for them either inside or in the garden. Given a minimum amount of attention they make very satisfying plants. This family of plants are so fascinating that if you discover only a few of them, it will challenge your effort. The flowers usually grow in clusters and each flower is either male or female, which grow on the same plant. The male flower has larger petals while the female flower has a seed bearing ovary beneath each petal. It is almost impossible to classify begonias into neat groups so they are usually divided into groups; bulbous, rhizomatous, fibrous and tuberous. The Rex begonias are rhizomatous.

There are no hard and fast rules for growing begonias but there are some basic principles which can be applied along with a generous portion of common sense. Watch your plants and if they are doing well, leave them alone but if not try moving them to a different location.

When a healthy plant begins dropping its leaves it is a sign it is going dormant. Give it less water and no fertilizer and it will pop up again in the spring. They are the so-called 'shade plants', especially the tuberous begonia and do better if not in the too hot sun, but love the out of doors during the summer months, flowers and foliage colors are richer and fuller.

THE PASTOR'S COLUMN

Pastor

Midway Baptist Church

By Rev. Walden Owen

"Rev. Owen, there are so many things about the Bible I do not understand. I have been reading John's first Letter, in the back of the Bible, and I just can't figure out what it is all about. I want to know. Could you help me in your article?"

Before answering the question: "What happens when a Christian sins?" I want to indicate one thing that DOESN'T happen to the Christian when he sins. He does not lose his salvation. Those who think they are saved, or born again, and are living in rebellion against God can derive no satisfaction from this thought. The only way a person can have assurance with regard to their salvation is to keep God's commandments. God knows whether one is saved or not even though that one is not sure himself. We read in II Timothy 2:19: "...The Lord knoweth them that are his." We also read in the same verse: "And let every one that nameth the name of Christ depart from iniquity." When a Christian lets sin reign in his mortal body he cannot use the doctrine of eternal security as a license to continue. As soon as that Christian refuses to "depart from iniquity" he loses the assurance of his salvation and God alone knows

whether or not he is a member of the family of the redeemed. John did not want his readers to sin but if they did he wanted them to know that things were cared for in the heavenly places until they could get that sin confessed to God and the fellowship restored. They had: "and advocate with the Father, Jesus Christ the Righteous."

It is quite interesting to notice that the same word translated "advocate" in I John 2:1 is translated "comforter" four times in John's Gospel when speaking of the Holy Spirit. Since John is the only one who uses this term in the New Testament he is undoubtedly speaking of the same thing. The word translated "advocate" here and "comforter" in the Gospel account means, "one who pleads the cause of another." The Holy Spirit pleads God's cause with the believer. We read in Romans 8:16: "The Spirit itself beareth witness with our spirit, that we are the children of God." John says that Jesus Christ pleads the believer's cause with God. If it were not for this ministry, our salvation would not last any longer than the time between our confession of sin to God and our next committing of sin.

In Ezekiel 18:20 we read: "The soul that sinneth, it shall die." This is God speaking and

He has never changed the truth of that statement. What He said in Ezekiel 18:20 is just as true today as it was when He caused Ezekiel to write it. The question comes now: "How can one escape that penalty?"

On my Grandfather's farm in Kentucky there used to be a large rock formation which jutted out from a hillside and sloped back under, forming a very comfortable niche where a person could be sheltered from the elements. I don't care how hard the rain would fall, one would be dry under the rock. The Bible tells us that God's dear Son paid the penalty of your sin and mine when He shed His blood on the cross. What He endured there was what you and I would have had to endure as the penalty of our sin. The rock formation of Calvary has made a place where every sinner, member of Adam's race might come by faith and escape the rain of God's wrath. How truthfully we sing: "Rock of Ages cleft for me, Let me hide myself in Thee; Let the water and the blood, From Thy wounded side which flowed, Be of sin the double cure, Save from wrath and make me pure." Regardless of how hard the rains of God's judgment fall, the Christian is safe in the Rock, Christ Jesus.

When a Christian sins, Satan comes before God and reminds Him of what He said back in Ezekiel 18:20. He is not called "the accuser of the brethren" for nothing in Revelation 12:10. What can God do. He cannot lie. He DID say: "the soul that sinneth, it shall die." But John tells us that we have an Advocate with the Father, Jesus Christ the Righteous. He is who turns to God on our behalf and, marked by a pentateuch of wounds, says: "Father, I died for this one!" The flaming scarlet of our sin appears white beneath the crimson flow of Calvary, for God looks at us through His Son.

GREEK COMEDY FOR ADULTS AUG. 14 - 18

A modern adaptation of Aristophanes Lysistrata will be presented this Wednesday through Sunday, August 14-18 by the Professional Resident Company at Sister Lakes Playhouse.

Lysistrata, Aristophanes' notoriously bawdy play, as biting, satirical, as boisterously funny, as stageworthy and watchable in a modern adaptation as when it was first produced in the spring of 411 B. C.

The bravest of women, Lysistrata, determines that there is only one way to end war forever. She calls a convention for women only and makes them swear to give up love. Dressed for seduction and armed to the teeth, they beat off their men and refused to sleep with them until the fighting has ceased. But, no matter how strong the will, the flesh is weak, and it is impossible to keep the women from joining the men. Backsliding is an ever-present danger.

To an Athens bereft by military disaster, as to the world

today, Lysistrata stands as an impassioned plea for peace. With a comic realism that borders on despair, Aristophanes observes that only lust is strong enough to drive out war.

In a continuing effort to bring several styles of theatre to its audience this summer, the Sister Lakes Playhouse now presents a Greek comedy in a communal style with a touch of theatre of chance. Due to the subject matter and style of presentation, this production is for adults only and no one under 18 will be admitted (under any circumstances) to the performance.

Tickets may be obtained by calling the Playhouse (616) 944-1206 or (616) 424-5757. Curtain times are 8:30 Wednesday through Friday; 9:00 Saturday and 7:30 Sunday. The Sister Lakes Playhouse is located in the heart of the Inland Lake Resort area of Sister Lakes, Michigan.

Mrs. Rose Elliott Returns From 23-Day World Tour

Mrs. Rose Elliott returned recently from a 23-day conducted tour to Europe and the Holy Land. Among the 22 passengers was Mrs. Mary Paudler, now living in Washington, but a former high school teacher in Coloma school. The male passengers on the trip were all ministers except two; one a missionary and the other a church worker.

The tour covered between 23 and 25 thousand miles and about every form of transportation; eight air lines, busses, taxis, sail and motor boats, one half mile ride by camel and by foot, not to mention the many steps up and down as the group visited excavation of caves, tombs, palaces and the many historical places of Bible history.

Each day brought new beauty and wonder as new places were explored. Air conditioned hotels were provided and the weather was delightful except for three hot days.

They left Dallas, Texas by TWA air lines and among cities

visited were London, Paris, Berlin, Rome, Beirut, Lebanon, Cairo, Cyprus, Jerusalem, Tiberias, Athens, Zurich and Corinth.

Mrs. Elliott says that one of the most thrilling places they explored was the ruins of Pompeii, which was destroyed by the eruption of Mt. Vesuvius in 79 A. D. In Jerusalem, they drove along the Mt. of Olives, visited the Garden of Gethsemane, went to Jericho, relived the scenes of Jesus life and death, visited the caves where the Dead Sea scrolls were found and many other places of Bible history.

Each day brought new beauty and wonder as new places were explored. Air conditioned hotels were provided and the weather was delightful except for three hot days.

cilor for about every four children was present, which made a large camp. There are about 400 handicapped children in Berrien County.

MACHINES MOVE NORTH

crop in that region. Among the farmers are Merlin Hauch, Ted Lenhardt, Ed Schettler, Arthur Scherer, Gordon Willmings and Don Baiers.

The Valentyne Paul Chapter No. 126 of Disabled War Veterans and Auxiliary of Stevensville, met Sunday, August 11 at the home of Mr. and Mrs. Adolph Friske, Territorial and Biastock Road, for a picnic and get-together.

A delicious picnic dinner preceded the business session and in the afternoon games were

played with prizes given the winners.

The event especially celebrated the success of the Chapter's Forget-Me-Not drive which has been held the past two weekends in Southwestern Berrien cities. CHRISTIAN SCIENCE CHURCH

SUNDAY SERVICE OF AUGUST 18, 1968

"The Lord God is a sun and shield: the Lord will give grace and glory: no good thing will he withhold from them that walk uprightly." These words from Psalms are the Golden Text of this week's Christian Science Lesson-Sermon titled "Soul." The Lesson-Sermon is the same in all Christian Science churches throughout the world.

One of the related passages to be read from the denominational textbook is the following:

"Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation. Jesus healed sickness and sin by one and the same metaphysical process."

even fish like a choice.

Pardon us for carping on a tired subject, but anybody likes a choice. Fishermen will tell you even the finny tribe wants variety. And we think people deserve better than that! So it behooves us all to keep advertising alive. For as advertising flourishes so flourishes competition. And where there's competition, you, the consumer, fare better. And that's no fish tale.

PLANS MADE FOR BIG 1971 REUNION

1925-1929 Graduates Meet

Plans were made for the eventual formation of a Watervliet High School Alumni Association when members of the classes of 1925, 1926, 1927, 1928 and 1929 met for a banquet Saturday evening, August 10th, in the cafeteria of the new Watervliet High School.

Richard Rogers, (1926) superintendent of Watervliet High School, emceed the affair, during which it was voted to hold the next reunion in three years, on the second Saturday in August, 1971. Included will be all classes from 1920 through 1935, with a special invitation to all classes prior to 1920 to join the group.

Communications were read

from many absentees including Mary Woodruff Weed (1925) of Antwerp, Belgium who has been visiting in the United States but had to leave the local area prior to the meeting. A message was received regarding Helen Hilliard (1927) that she had undergone brain surgery in South Bend in August, 1964 and passed away during the operation.

The meeting was also the occasion for a reunion of the four Horton brothers, sons of the late A. B. Horton, one time principal of the local high school. Howard Horton, Cincinnati, Ohio (1926); Horace Horton, Ann Arbor (1927); Dwight Horton, Watervliet (1929), and Frances Horton, San Antonio, Texas (1932).

A special conducted tour of the high school by Supt. Rogers brought the delightful evening to a conclusion.

Attending the banquet were the following, listed by classes: 1925: Mildred Wood Mainwaring, Watervliet; Donald Cutler, Coloma; Alice Keller Inglett, South Bend; Ruth Krieger Hibbard, Niles.

1926: Wesley Sumner, Benton Harbor; Lenore Harper Clark, Richard Rogers, Watervliet; Julia Peirce Cutler, Coloma; Naomi Geisler Pinyard, Lansing; Howard Horton, Cincinnati, Ohio.

1927: Mabel Morlock Owen, Neva Sweet Kniebes, Paul Emerson, Freda Brown Brule, Watervliet; Bertha Peirce McKenney, Jack McKenney, Holland; Horace Horton, Ann Arbor; Arthur Bishop, Kalamazoo.

1929: Norbert Hutchins, Dwight Horton, Watervliet; Lucille Lewis Pearl, Grand Rapids; Ruth Medina Bishop, Crane, Indiana; Elmer Falk, Hugh Warren, Kalamazoo; Dr.

WORKMEN COMPLETE ALL-WEATHER TRACK — Watervliet high school's new track was completed last Monday when workmen laid the rubberized top coat on the all-weather tract. The black-top base was laid last year. The WHS track is the only one of its kind in the area. The chain-link fence surrounding the athletic field was also completed last week. Head football coach, Jerry Barchett said the turf is in good shape and will be ready for the opening football game September 13.

Richard Herrick, Hobart, Indiana; John Russell, Richland.

Other guests included: Phyllis (Pease) Schaus, 1927 class advisor, Watervliet; Lela Cole Abel (Mrs. Coral) 1917, Grand Rapids; Frances Horton, San Antonio, Texas, 1932.

In charge of this year's affair were: Frank Runyon (1925), Lenore Clark (1926), Mabel Owen (1927), general chairman, Olga Baiers (1928) and Elsie Kietzer Danneff (1929).

The 1971 reunion will be in charge of: Mildred Mainwaring (1925), Lenore Clark (1926), Paul Emerson (1927), Olga Baiers (1928), Dr. Richard Herrick (1929) and volunteers from the new classes entering the group.

VISITOR AT NIGRO'S

Wally Ishmael, Jr., son of Mr. and Mrs. Walter E. Ishmael, Douglas Terrace, Watervliet, spent his 10th birthday last Thursday at the Don Nigro home on Carnody Road.

The Nigro boys, Jeff, Brian, and Jimmy and Wally spent the better part of the day in their swimming pool when they weren't in the corn field or hay loft with walkie talkies.

Mrs. Nigro made each of the boys an individual birthday cake.

WEATHER REPORT

We can't complain because it's cooled off lately.

Edward Hutchison (R-Mich.).

LETTERS TO THE EDITOR

Members of the Community:

About this time of year the Watervliet Civic Garden Club makes available for public exhibiting and viewing, one of the finest Flower Shows in the state of Michigan.

Our regular visitors will need no invitation — only a reminder — but for those who have not had the pleasure of viewing one of our shows, may we cordially invite you to come and visit us at the South Elementary School on Saturday, August 17, from 2:00 to 8:00 p.m.

Our theme "Thru the Garden Gate" has made possible the most beautiful of garden settings. Visitors will enter through a garden gate where they will find a wishing well, lawn chairs and tables, and floral beauty of all kinds. Punch will be served as usual and visitors will want to rest while they sip their punch, and chat with their Garden Club friends.

A ways and means booth will feature needle points, garden gloves, garden calendars, oasis, weathered wood and artificial floral arrangements for all-occasion giving.

The Flower Show is a service to our community, along with our other beautification projects, so we invite you once again to come and see it. We'll be looking for you!

Sincerely,
Mrs. Richard L. Rogers,
President, Watervliet
Civic Garden Club

COMPLETES TRAINING

Army Private Charles W. Terry, 19, son of Mrs. Edna M. Terry, 317 Park St., Watervliet, Mich., completed eight weeks of advanced infantry training July 18 at Ft. Ord, Calif.
